CENTRE

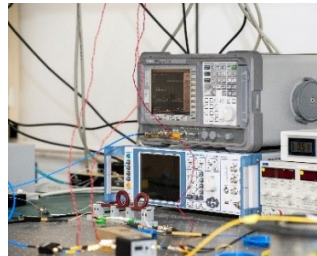

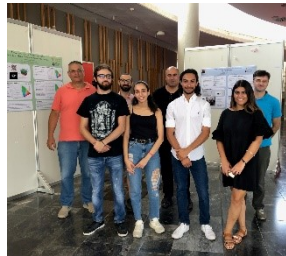

## 2020 Summer Research Internships – SRI 2020 Emphasis Research Centre

The **EMPHASIS Research Centre** is seeking talented and highly motivated undergraduate students that are interested in working on state-of-the-art projects, and gaining experience in our key enabling technologies – electronics, microwaves, photonics and sensors – during the summer period.

This year's project will focus on microplastic pollution.

This offers an exciting opportunity to gain first-hand experience of research work using state-of-art equipment based in our laboratories under the supervision of internationally recognised academics.

Project is for a 2 month duration (starting day: 1<sup>st</sup> of June 2020), and will be remunerated at the rate of 400 €/month.

Interested applicants should submit an application form, along with a two-page CV and transcript of their degree performance to date.

**The closing date for applications is 1<sup>st</sup> of May 2020.**
